Who We Are

GR8R Than Fitness is a Botswana-based wellness marketplace connecting certified trainers, clubs and everyday people, and the official equipment sponsor of the Botswana Rugby Union. We are coordinating sponsorship for the ISSSA Raiders' campaign at the NWU Prestige 7s.

The Initiative

The Independent Secondary Schools Sports Association (ISSSA) coordinates sport across 20 member schools in Botswana. A squad of 15 players, 12 travelling and 3 reserves, has been selected to represent Botswana's independent schools at the NWU Prestige 7s, a highly regarded rugby sevens tournament broadcast on SuperSport Schools.

The initiative builds players' skills, teamwork, discipline and confidence, while giving them a rare opportunity to compete on a professionally presented regional stage.

Accommodation and meals in Potchefstroom are already secured. Sponsorship covers a portion of transportation, meals during the journey, and playing kit.

Why Sponsor This Team

- Regional exposure via SuperSport Schools, which reaches over 1 million registered app users and a combined social following of 3.8 million
- Direct alignment with GR8R's existing role as official equipment sponsor of the Botswana Rugby Union
- Positive brand association with youth development, discipline and national representation
- High-visibility placement worn throughout the tournament, on kit.
